

**HOUSE OF REPRESENTATIVES**

**REQUEST FOR INTERIM STUDY PROPOSAL**

DATE: Friday, May 25, 2007

BY REPRESENTATIVE(S): McMullen

TOPIC OF THE PROPOSAL:

Surface Damage Compensation due to Seismic Surveys

EXPLANATORY COMMENTS ON THE SCOPE OF THE STUDY PROPOSAL:

This study would examine the current level of satisfaction among parties involved in the process of seismic surveys. We would examine the mechanisms of other oil and gas producing states in allowing for fair compensation for seismic survey damage. This study should create a dialogue to help ensure that Oklahoma's statutes provide for a fair and reasonable framework to protect the rights of property owners yet ensure the swift completion of important seismic survey work.
