REQUEST FOR INTERIM STUDY PROPOSAL

DATE: Friday, May 25, 2007

BY REPRESENTATIVE(S): McMullen

TOPIC OF THE PROPOSAL:

Common Education School Building Equalization

EXPLANATORY COMMENTS ON THE SCOPE OF THE STUDY PROPOSAL:

I would like to explore the inequities that may exist between Oklahoma public school districts in regards to resources available to construct or maintain educational facilities. This study should examine whether a need exists to begin to provide for equalization among public school districts' building resources. I would like to examine the history and potential of the State Public Common School Building Equalization Fund to fulfill this function. The study should also examine the tools other states' utilize to provide for equalization and evaluate other such alternatives.
