Title 19, Section 339

- A. 2. To audit the accounts of all officers having the care, management, collection or disbursement of any money belonging to the county or appropriated for its benefit; the board of county commissioners upon majority vote may request the state auditor and inspector to conduct either financial or performance audits of all county officers and departments. Should the state auditor and inspector be unable to conduct such audit, the board may request an independent public accounting firm conduct such audits.
