

HOUSE OF REPRESENTATIVES

REQUEST FOR INTERIM STUDY PROPOSAL

DATE: May 24, 2007

BY REPRESENTATIVE(S): Terry Harrison

TOPIC OF THE PROPOSAL:

Noise Abatement in Rural Oklahoma Related to Oil and Gas Production

EXPLANATORY COMMENTS ON THE SCOPE OF THE STUDY PROPOSAL:

As oil and gas production is on the increase, rural Oklahomans find themselves dealing with excessive and sometimes dangerous noise levels at their country homes. Urban and suburban residents are protected by municipal ordinances while rural Oklahomans are at the mercy of industrial neighbors that may or may not have concern for the health and well being of rural residents. This study will focus on cost-effective solutions that will not be overly burdensome to industry officials.
